Why rituals?

Rituals are special moments in our lives that we find significant. More importantly, rituals are mechanisms that can change things, solve problems, perform certain functions, and accomplish tangible results. Rituals leave us all with a refreshed sense of purpose and wellbeing.

RITUAL VS. ROUTINE

While routine aims to make the chaos of everyday life more containable and controllable, ritual aims to infuse the mundane with an element of the magical. The structure of routine comforts us, but the specialness of ritual revitalizes us.

WHY RITUALS?

We know the true power and transformative nature of the selfcare ritual. It’s a time to rest, replenish, and restore ourselves. They remove us from the ordinary flow of life and place us in a more mindful space. Simply put, rituals have the power to truly change us for the better.

PRODUCT CATEGORIES

Skincare

Unlocking your glow is our goal, and our lineup of personalized skincare solutions is powered by clean, clinical actives to deliver truly transformative results.

Beauty

We begin with skin, and build our makeup to elevate and enhance. We believe all makeup should be skincare-based, that’s why we use only the finest mineral makeup, infused with nourishing skincare ingredients.

Skincare

Glowing skin starts with exfoliation, but maintains via commitment to a daily skincare ritual.

Glo Skin Beauty offers a full range of clean + clinical skin solutions in the form of elevated essentials—from cleanser and hydration to serum and suncare, all fully compatible with professional exfoliation treatments and allow for a custom experience for every skin to achieve its best glow.

Cleanse

(v.): *to remove* + *reset*

Cleansing is a vital step in a skincare ritual that helps maintain a healthy, balanced complexion. Your skin faces many environmental stressors each day, whether that’s from makeup, pollution, or general accumulation of debris and toxins. Your daily facial cleanser cleans and washes away debris, excess oil, and dead skin cells leaving your complexion clearer and hydrated.

WHY SULFATE-FREE?

Our lineup of facial cleansers are powered by active botanicals to clarify, refine, balance, and brighten. All are designed to provide a deep cleanse, but free of harsh sulfates which can strip moisture from the skin leading to irritation and even congestion or breakouts. And, our cleansers will never over-strip or dry out your skin.

WHY DOUBLE CLEANSER?

We recommend optimizing homecare cleansing with a two-step approach inspired by the treatment room. In professional services, a double cleanse is performed in order to provide a deeper level cleansing action. The first cleanse removes surface oil, dirt, and debris while the second cleanse works deeper into the skin.

Hydra-Bright AHA Cleanser

CLEANSER

RECOMMENDED FOR: ALL SKIN TYPES

Gentle foaming gel cleanser removes makeup and other impurities, nourishing skin with lactic acid and moringa seed extract, hydrating, balancing, and brightening the skin.

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

DID YOU KNOW?

Often the most rushed step in our skincare routines, cleansing is actually the most important. Vital for removing damaging surface impurities and dirt, Hydra-Bright AHA Cleanser not only cleanses, but also hydrates by helping manage pH levels, enabling sufficient water retention and creating the optimum base for your next skincare steps.

Hydra-Bright Polishing Cleanser

CLEANSER

RECOMMENDED FOR: ALL SKIN TYPES

This two-in-one gentle exfoliating cleanser transforms from a powder into a light foam when water is added. Environmentally-friendly jojoba beads and salicylic acid provide smoothing action and boost the effectiveness of added natural brighteners, leaving skin clean, refreshed, and more radiant.

USE: ☀️🌙

RETAIL: 42 g / 1.5 oz.

FREQUENCY: DAILY

AMOUNT: DIME SIZE

pH: N/A

KEY BENEFITS

- SMOOTHING: A mix of both physical and chemical exfoliation helps improve skin’s texture and tone, reducing the appearance of pores, fine lines, and discoloration.
- BRIGHTENING: Removes any dead skin cells which can contribute to dullness or rough patches, revealing brightened complexion clarity.
- CLEANSSES: Delivers a deep, hydrating, refreshing cleanse.

KEY INGREDIENTS

- SALICYLIC ACID: Stimulates exfoliation by helping clear pores and promote new cell growth.
- JOJOBA BEADS: Provide gentle physical exfoliation with eco-friendly scrubbing beads to slough off dead, dull skin cells.
- BRIGHTENING BOTANICALS: Targeting discoloration and dullness for a radiance boost.

Hydra-Bright Polishing Cleanser

APPLICATION

Pour a small amount into hands. Add water to create a creamy consistency. Massage onto dampened face using light, circular movements. Rinse thoroughly with warm water.

INGREDIENTS

Disodium Lauryl Sulfosuccinate, Sodium Cocoyl Isethionate, Microcrystalline Cellulose, Cellulose Acetate, Jojoba Esters, Aqua/ Water/Eau, Undecylenoyl Phenylalanine, Salicylic Acid

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

DID YOU KNOW?

One of the key benefits of this powder-to-foam transformation is the ability to customize your cleansing based on the amount of water you add. Adding a very small amount of water will produce more of a paste consistency and provide more of a physical exfoliation experience, while adding more water will increase the foaming cleansing action. And, this cleanser is super travel-friendly too as the powder doesn’t fall under liquid restrictions.

Purifying Gel Cleanser

CLEANSER

RECOMMENDED FOR: OILY SKIN TYPES

This clarifying cleanser rinses away surface debris and impurities, deeply cleansing pores while preserving skin’s natural moisture balance, without over drying or stripping oil.

USE: ☀️🌙

FREQUENCY: DAILY

AMOUNT: DIME SIZE

pH: 4.72-5.72

RETAIL: 200 mL / 6.7 fl. oz.

BACK BAR: 465 mL / 15 fl. oz.

KEY BENEFITS

- SMOOTHING: Gentle exfoliation via salicylic acid visibly improves texture, reducing the appearance of fine lines and pores.
- BALANCING: Clarifies and refines without stripping away crucial moisture.
- CLEANSING: Gel formulation offers effective cleansing without any irritating sulfates.

KEY INGREDIENTS

- SALICYLIC ACID: A hero in balancing, breakout-fighting treatments, this beta hydroxy acid (BHA) stimulates exfoliation, helping to clear pores, while promoting new cell growth.
- NIACINAMIDE: A powerhouse in reducing pore size and clearing them, it prevents pores from getting clogged, while balancing oil production too.
- YUCCA EXTRACT: A healing, anti-inflammatory, cleansing botanical.

Purifying Gel Cleanser

APPLICATION

Massage gently onto skin with light, circular movements then rinse thoroughly. Avoid eye area. Use twice daily.

INGREDIENTS

Aqua/Water/Eau, Glycerin, Sodium Hydroxypropylsulfonate Laurylglucoside Crosspolymer, Polyacrylate-1 Crosspolymer, Sodium Coco-Glucoside Tartrate, Sodium Cocoyl Hydrolyzed Amaranth Protein, Cocamidopropyl Hydroxysultaine, Sodium Cocoamphoacetate, Lauryl Glucoside, Sodium Methyl Cocoyl Taurate, Gluconolactone, Niacinamide, Sodium Hydroxypropylsulfonate Decylglucoside Crosspolymer, Sodium Cocoyl Glutamate, Sodium Lauryl Glucose Carboxylate, Sodium Benzoate, Citrus Aurantium Bergamia (Bergamot) Fruit Oil, Salicylic Acid, Yucca Schidigera Root Extract, Mentha Piperita (Peppermint) Oil, Citrus Paradisi (Grapefruit) Peel Oil, Citrus Sinensis (Orange) Peel Extract, Aniba Rosodora (Rosewood) Wood Oil, Citrus Limon (Lemon) Peel Oil

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

DID YOU KNOW?

This gel formula is designed to lightly foam when massaged with water for a deep cleanse. With the addition of water and light massage, the surfactants in the formula are “activated” to seek out dirt, oil, and debris and rinse them away from the skin.

Beta-Clarity Clear Skin Cleanser

CLEANSER

RECOMMENDED FOR: OILY AND ACNEIC SKIN TYPES

Treats and prevents breakouts while leaving skin thoroughly cleansed.

Environmentally-friendly gentle exfoliating beads clear the skin’s surface for optimum salicylic acid penetration.

USE: ☀️🌙 **RETAIL:** 200 mL / 6.7 fl. oz.

FREQUENCY: DAILY

AMOUNT: DIME SIZE

pH: 4.0

KEY BENEFITS

- SMOOTHING: Physical and chemical exfoliation in one formulation offers a dual-action approach to improving skin’s texture, reducing the appearance of pores.
- CLARIFYING: Detoxes any excess oils, impurities, and debris for a clearer, clean complexion.
- BALANCING: Acne-fighting actives treat blemishes and blackheads, preventing any new breakouts.

KEY INGREDIENTS

- SALICYLIC ACID: 2% salicylic acid purifies and clarifies acne-causing bacteria deep within skin, preventing and treating breakouts.
- APPLE AMINO ACIDS: Supports skin’s moisture barrier, conditioning and nourishing with balancing, foaming effect.
- ECO-FRIENDLY SCRUBBING BEADS: Provides gentle physical exfoliation, sloughing off any excess dead skin cells on skin’s surface.

Beta-Clarity Clear Skin Cleanser

APPLICATION

Apply a small amount into wet hands. Massage onto dampened face using light, circular movements for 60 seconds. Rinse thoroughly with warm water. Use twice daily.

INGREDIENTS

ACTIVE INGREDIENT: Salicylic Acid 2%

Aqua/Water/Eau, Sodium Cocoyl Apple Amino Acids, Cocamidopropyl Betaine, Sodium Cocoyl Isethionate, Synthetic Wax, Magnesium Silicate, Polyacrylate-13, Methyl Perfluoroisobutyl Ether, Methyl Perfluorobutyl Ether, Polyisobutene, Polysorbate 20, Polyhydroxystearic Acid, Isononyl Isononanoate, Ethylhexyl Isononanoate, Sodium Cocamidopropyl PG-Dimonium Chloride Phosphate, Xanthan Gum, Disodium EDTA, Phenoxyethanol, Sodium Bisulfite, Sodium Hydroxide, Butylene Glycol, Iodopropynyl Butylcarbamate, Limonene

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

DID YOU KNOW?

If you’re looking to treat acne and balance breakouts, you’ll be reaching for products that contain salicylic acid. An all-out acne-zapping hero, salicylic acid is a beta hydroxy acid—meaning it’s oil soluble, so it can penetrate through the layers of the skin more easily than alpha hydroxy acids (AHAs) which are water-soluble. That’s good news in the battle against bacteria and pore-clogging debris which lead to spots, as it treats them deep within, preventing them from becoming breakouts on the surface. Plus it’s anti-inflammatory too, calming any redness and reactivity.

Phyto-Active Enzyme Cream Cleanser

CLEANSER

RECOMMENDED FOR: ALL SKIN TYPES

Gently exfoliating with papaya enzymes, this cleansing cream converts to a rich, buildable lather, rinsing away impurities while preparing skin to effectively receive nourishing peptides and plant stem cells. Skin feels soft and refreshed with improved radiance.

USE: ☀️🌙

RETAIL: 200 mL / 6.7 fl. oz.

FREQUENCY: DAILY

AMOUNT: DIME SIZE

pH: 6

KEY BENEFITS

- REPAIRING: With impurities cleansed away, reparative, nourishing peptides and plant stem cells get to work, for a firmer, plumped, age-defying effect.
- SMOOTHING: Exfoliating enzymes refine and smooth skin’s texture, reducing the appearance of fine lines and wrinkles.
- RESTORING: A reparative complex including plant stem cells fortifies skin’s strength and moisture barrier.

KEY INGREDIENTS

- PAPAIN: Derived from papaya, enzymatic action smooths skin and helps blur imperfections.
- TRIPEPTIDE: A potent peptide stimulating firming and hydration.
- PLANT STEM CELLS: Promote repair and protect skin against environmental stressors.

Phyto-Active Enzyme Cream Cleanser

APPLICATION

Massage gently onto skin with light, circular movements then rinse thoroughly. Use twice daily.

INGREDIENTS

Aqua/Water/Eau, Glycerin, Sodium Cocoyl Isethionate, Aloe Barbadensis Leaf Juice, Sodium C14-16 Olefin Sulfonate, Cetearyl Alcohol, Stearic Acid, Myristic Acid, Polysorbate 60, Leuconostoc/Radish Root Ferment Filtrate, Hydroxyethylcellulose, Sodium Cocoamphoacetate, Propanediol, Triethanolamine, Potassium Sorbate, Sodium Gluconate, Cocamidopropyl Hydroxysultaine, Saccharide Isomerate, Allantoin, Tocopheryl Acetate, Carica Papaya (Papaya) Fruit Extract, Citric Acid, Centella Asiatica Meristem Cell Culture, Sodium Citrate, Hamamelis Virginiana (Witch Hazel) Water, Alcohol

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

DID YOU KNOW?

When it comes to cleansing, opting for an enzyme-enriched formulation has multiple benefits. Enzymes essentially act like catalysts for reaction - supporting exfoliation by ungluing the bonds between dead skin cells which causes it to then be easily sloughed off. And, they do this without disrupting your skin’s pH, making them appropriate for even sensitive skin types, and just that little bit gentler than chemical exfoliants.

Exfoliate

(v.): *to refine + smooth*

Almost every client concern is best treated with exfoliation—that’s why this is a key step not only in professional treatments, but also for client homecare.

Cell regeneration, often called cell turnover and renewal, refers to the cell’s life cycle, a continuous, natural process that’s imperative for skin health. A number of factors can slow this process, hindering the release (shedding) of skin cells such as: aging, excess oil, and debris on skin’s surface, and even improper removal of skincare and makeup products, resulting in dull, lackluster skin, uneven texture, congestion, and breakouts. Our exfoliants are designed to tackle these issues and reveal a smoother, clearer, and more radiant complexion.

CHEMICAL VS. MECHANICAL EXFOLIATION

Both chemical and mechanical exfoliation encourage smoother, softer skin but perform this action in different ways. Chemical exfoliation promotes cell turnover and renewal by either dissolving the bonds between skin cells or detaching the cells themselves in order to create a sloughing effect. Mechanical exfoliation utilizes a physical agent, like scrubbing beads, a rotary brush, or dermaplaning blade, to manually smooth and buff skin and remove dead surface cells. Both types of exfoliation offer great benefit to skin and often can be used in combination, though due to the physical nature of mechanical exfoliation, it’s best to avoid this type of smoothing for clients with sensitive skin or inflamed breakouts.

Hydra-Bright Pro 5 Liquid Exfoliant

DID YOU KNOW?

Kojic acid features in many of our Brighten + Glow products because of its effective brightening properties. A derivative from mushrooms, it works by inhibiting pigment production, helping to even out skin tone, targeting hyperpigmentation and dark spots. A less-aggressive answer to hydroquinone, it has mild antioxidant, antimicrobial, and exfoliating benefits. It’s a great option if you want to avoid ingredients like hydroquinone or retinoids.

Beta-Clarity Pro 5 Liquid Exfoliant

DID YOU KNOW?

Move over blueberries and avocados, did you know pumpkin extract is a skin superfood too? It contains fruit enzymes and alpha hydroxy acids (AHAs) which smooth and brighten the skin. It’s also rich in antioxidants including vitamins A and C, which help reduce signs of aging, protecting and nourishing the skin. And, as if that wasn’t enough, it also contains zinc which is a great healer, soothing and softening skin, for your most delicious glow ever.

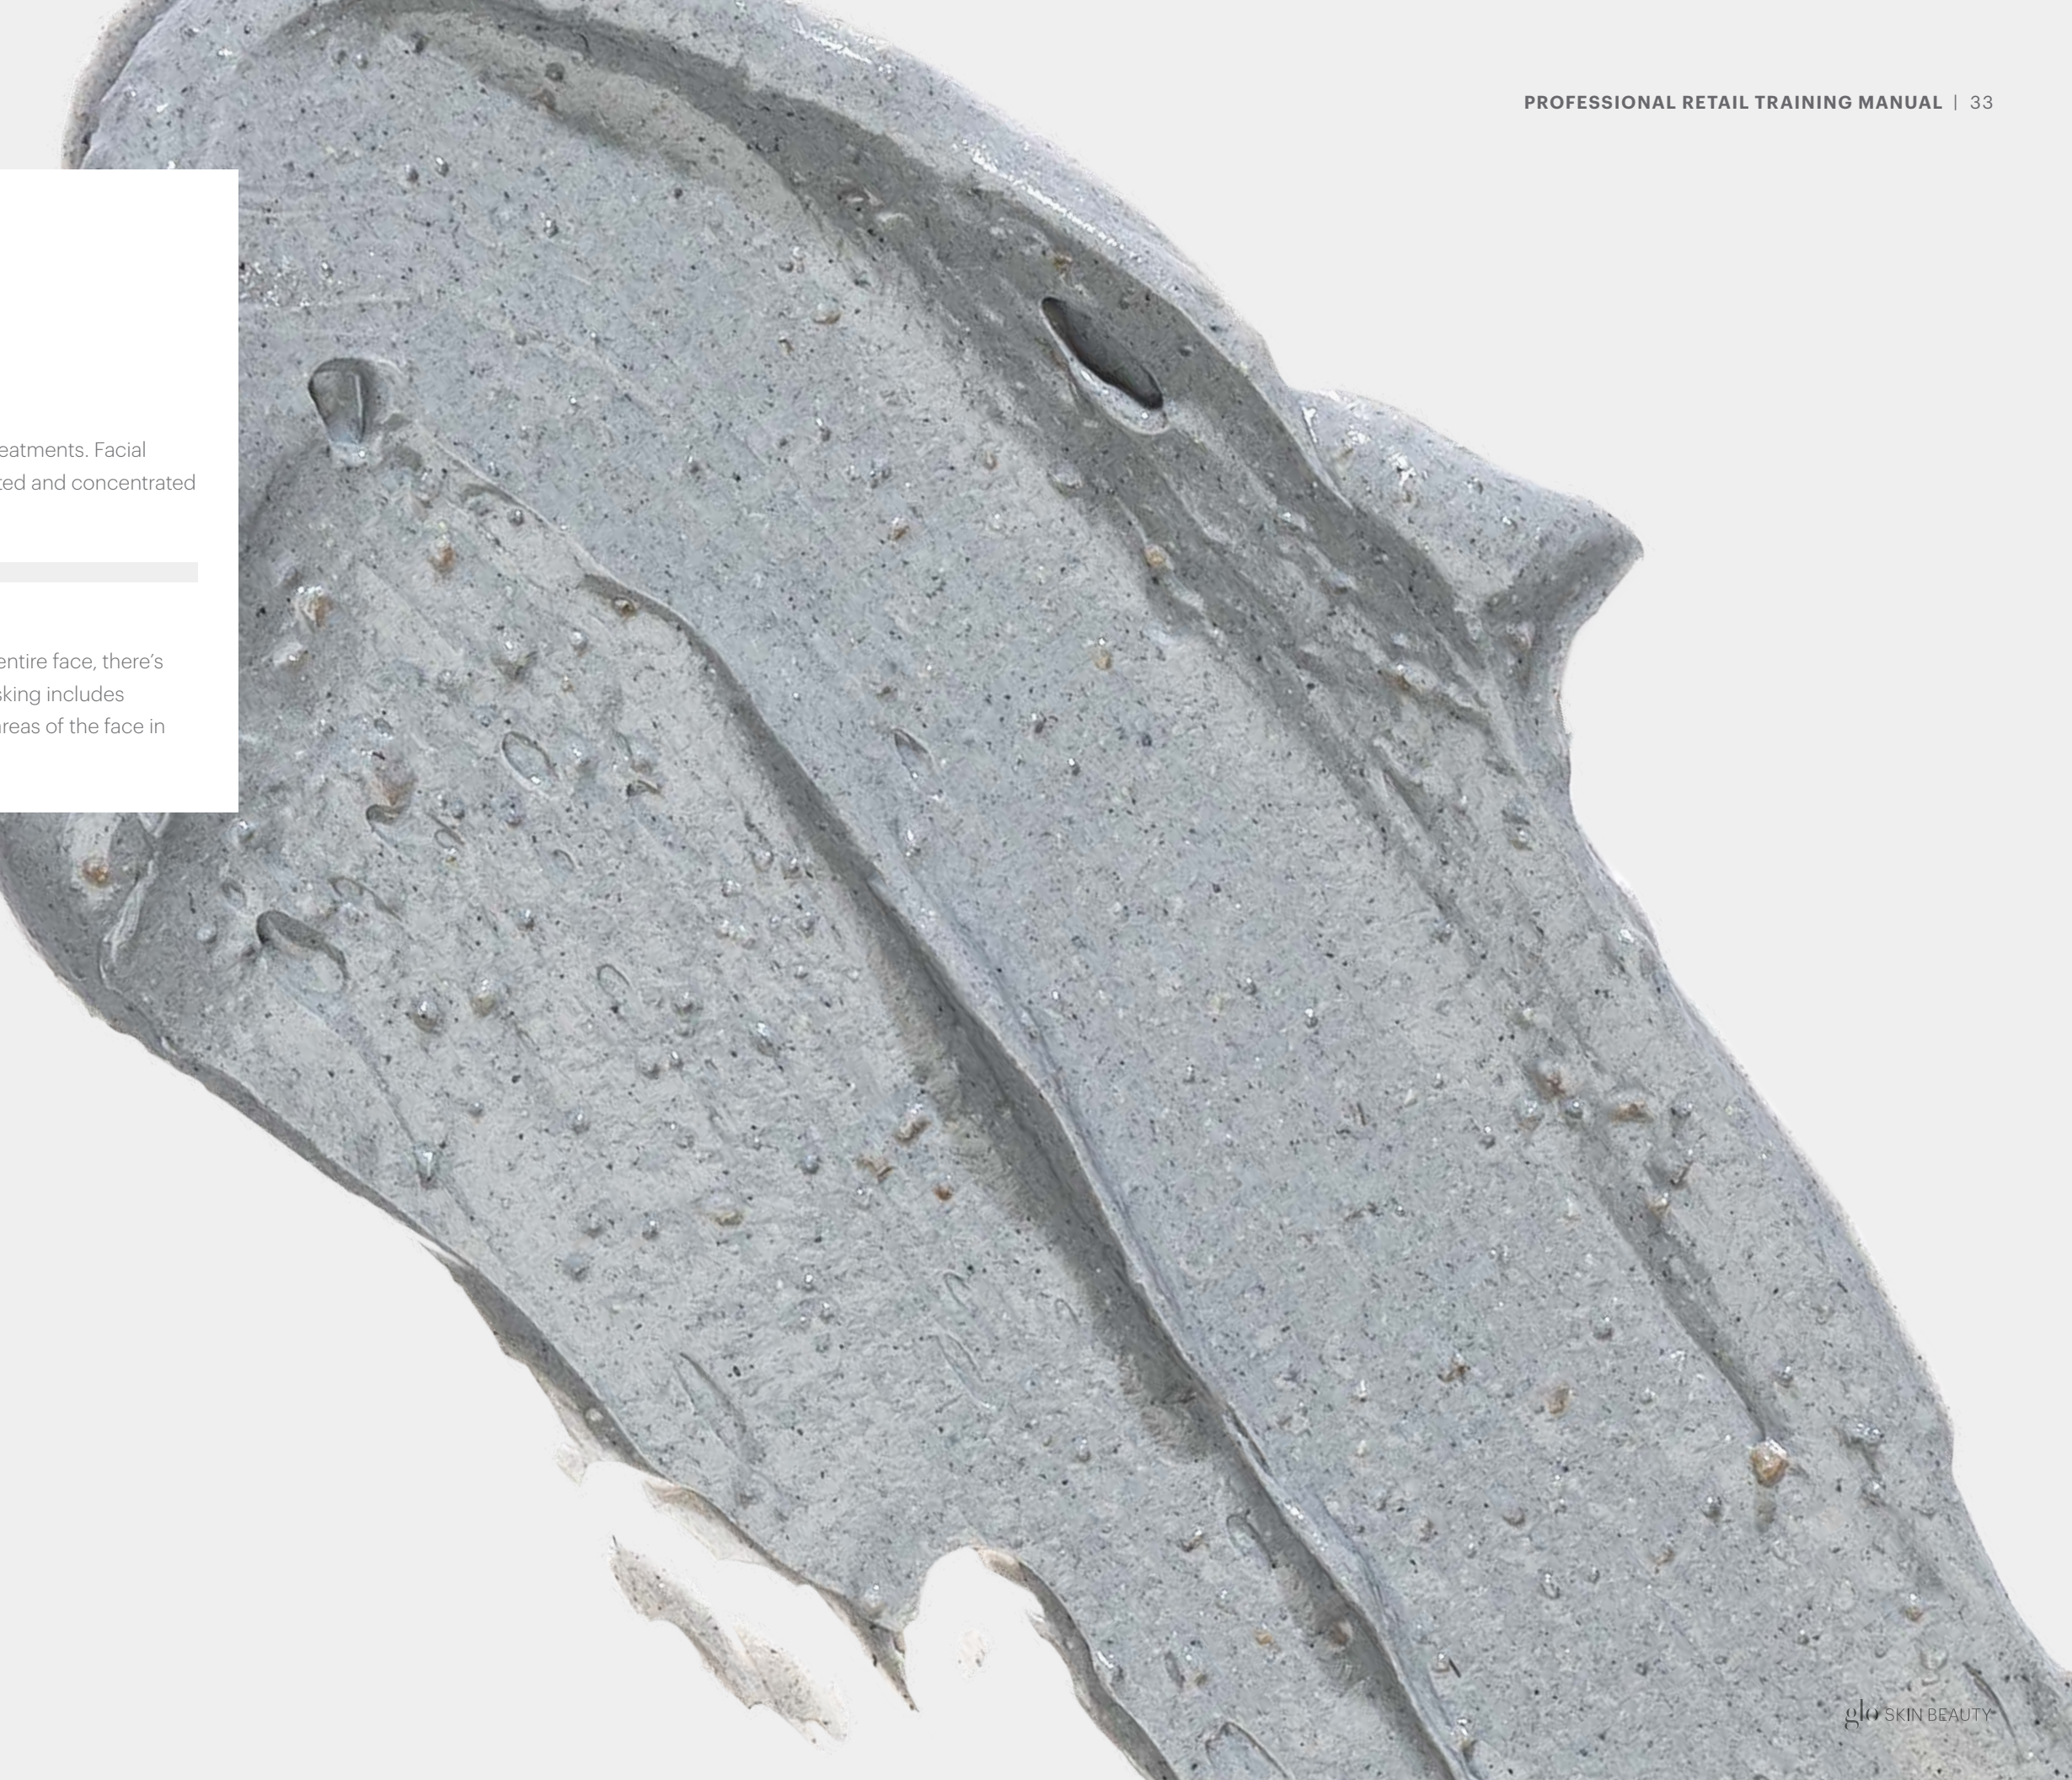

Mask

(v.): *to target + treat*

Masks offer targeted hydrating, firming, detoxing, and soothing treatments. Facial masks help solve an array of skin concerns, offering a more targeted and concentrated treatment with visible results in 10 minutes, several times a week.

HOW TO MULTI-MASK

While mask formulas can be used in a single, even layer over the entire face, there's an additional way to personalize a masking experience. Multi-masking includes application of two or more mask formulas that best suit specific areas of the face in order to better target and treat concerns for next-level results.

DID YOU KNOW?

Along with hyaluronic acid, squalane is one of the most effective ingredients for dry skin. A lightweight, non-greasy emollient, it works like skin’s natural oil to prevent moisture loss, plumping and restoring elasticity, while also reducing redness and inflammation. Protecting and repairing skin’s moisture barrier, squalane prevents water loss, while also strengthening skin against environmental stressors such as pollution which causes free radical damage. And, as if all that wasn’t enough, it’s a key ingredient in anti-aging rituals, as it also smooths and reduces the appearance of fine lines and wrinkles, plumping skin and increasing vibrancy and radiance. When paired with anti-inflammatory superfruits in this nourishing mask, it’s the ultimate restorative, reset for your complexion.

Soothing Gel Mask

MASK

RECOMMENDED FOR: ALL SKIN TYPES

Helps provide instant cooling relief to sensitive and post-procedure skin. Soothes, hydrates, and tones while reducing the appearance of puffiness, fine lines and wrinkles. Free of fragrance and dyes, this gentle formula features two extracts of cucumber and soothing botanicals to soften and hydrate even the most sensitive skin.

DID YOU KNOW?

If you have sensitive skin, don’t be put off by the term ‘chemical exfoliation’. This simply means the formula itself does the exfoliation rather than mechanical exfoliation when beads or grains provide the sloughing action. For more sensitive skin types, enzyme or acid-based formulations are actually better as they avoid that mechanical friction which can be irritating to the skin’s surface. The Phyto-Calm Enzyme Mask both soothes and smooths simultaneously, making it the perfect treatment for sensitive skin.

Tone

(v.): *to balance + refresh*

A toner’s job is to balance and refresh skin after cleansing without stripping moisture. Toners act as a primer for the rest of your skincare and makeup products, boosting the efficacy of everything you apply after, and providing a smooth, refined surface to skin. Our next-generation toners are infused with soothing, brightening, and anti-aging active ingredients—that’s why we recommend them for every skin type.

DID YOU KNOW?

Coconut oil had a major moment several years ago, but did you know that coconut water is also incredibly beneficial for the skin too? With an abundance of natural vitamins and minerals to be found in the heart of the coconut, the water is where high levels of these nourishing skin-goodies can be found. And, while drinking coconut water will have internal benefits, applying it to skin also has plenty too. Containing sugars (the healthy kind), amino acids, and electrolytes, coconut water is very soothing on the skin, moisturizing without adding excess oil. It also has antimicrobial properties too which can help with blemish-prone skin. That’s why we use it in this delicious mist. Spritz it liberally to enjoy all the soothing coconut and other botanical benefits.

DID YOU KNOW?

Our mists are a fresh take on traditional toners—which tended to be more astringent and harsh. Loaded with nourishing florals—including rose water and chamomile, this calming mist is formulated to be a quenching refresher for your skin, hydrating as it balances, rather than drying it out or stripping it. By giving skin that surge of moisture, the skin is prepped and ready to receive all the next products you apply.

Boost

(v.): *to intensify + solve*

Serums are the strategists in any skincare ritual. More advanced, concentrated formulas than any other product, they’re designed to solve for specific issues in a super targeted way. Loaded with powerful actives and other effective ingredients, serums are served in fast-absorbing, lightweight formulations, delivering all that good stuff directly to the skin quickly for visible results.

USE AS A SERUM, SPOT TREATMENT, BOOSTER

Our smart dropper format allows for personalizing a serum experience. For full face, most concentrated use, apply directly to skin and allow to fully absorb before applying your next product. Or, apply in the most concentrated but more specialized way as a spot treatment directly onto a specific area only. In addition, you can mix serums into another product for a targeted boost.

DERMATOLOGIST-RECOMMENDED SOLUTION SERUM PAIRINGS

DAILY ESSENTIAL DUO

Layer HA-Revive Hyaluronic Drops over C-Shield Anti-Pollution Drops for an essential daily boost to restore and protect your glow.

PM RENEWAL DUO

Alternate Beta-Clarity BHA Drops and Bio-Renew EGF Drops in the PM to resurface and renew your glow.

TARGETED TREATMENT TRIO

Target redness, dark spots, and blemishes with 2-3 drops of Phyto-Calm Aloe Drops, followed by Hydra-Bright Vitamin C Drops for day, and Beta-Clarity BHA Drops for night, or mix with your moisturizer for an overall boost of benefits.

DID YOU KNOW?

Not all vitamin C serums are created equal. We have two vitamin C serums in our lineup, each offering a different concentration of vitamin C. Hydra-Bright Vitamin C Drops have the strongest concentration at 20%, and in addition to antioxidant benefits they have age-fighting, skin-lifting properties. C-Shield Anti-Pollution Drops weigh in at 15% vitamin C, plus anti-pollution protecting plant stem cells. These drops are a great starting serum if you’re looking to protect skin from aging stressors—including blue light. If you’re seeking to target anti-aging too and want that higher hit of vitamin C it may be time to upgrade to the Hydra-Bright Vitamin C Drops.

DID YOU KNOW?

Wondering if you need an eye serum or eye cream? If you’re looking for preventative aging, or have balanced or an oilier complexion, then a serum like Phyto-Active Eye Serum is a great place to start. Its lightweight, fast-acting formulation acts just like a face serum—but specifically targeted for the more delicate eye area, with smaller molecules of eye area-friendly actives penetrating easily and quickly, to deliver instant results. If you tend to be on the drier side, or have more aging concerns, then a richer formulation like an eye cream will be your go-to. And, if you like the sound of both options, you can always layer your cream on top of the serum for even more brightening and firming benefits.

DID YOU KNOW?

Just like collagen and elastin, the amount of naturally occurring hyaluronic acid in our bodies decreases with age, leading to dryness, dehydration, and signs of aging. Hyaluronic acid’s ability to draw and hold water means it can be used as a humectant in your skincare routine, boosting your natural hydration levels. It works via a multi-level approach with smaller molecules penetrating deeper into the dermis, while the larger molecules condition on the skin’s surface.

CLEAN + CLINICAL RESULTS

Clinically proven to improve the skin’s moisture barrier, deliver instant hydration, and impart radiance, for a healthy glow.

DID YOU KNOW?

One of the key ingredients in this calming serum is aloe vera. Aloe vera is derived from the aloe plant, which typically thrives in dry conditions. That’s why the leaf of the aloe plant is made up of 99% water—as it stores up moisture reserves in order to live in such arid environments. The rest of the plant is rich in vitamins, amino acids, and other minerals. It stands to reason then that this cooling, calming, and hydrating plant has great benefits for the skin. An anti-inflammatory, it settles sensitivities and reactive moments—that’s why it’s commonly used in aftersun care and to help heal burns. Delivered in a serum like Phyto-Calm Aloe Drops, the aloe is super soothing, preventing transepidermal water loss, boosting hydrating while promoting healing and repair. It’s perfect for dry or sensitive skin conditions needing a little love.

DID YOU KNOW?

Can't decide between the Hydra-Bright Eye Cream or the C-Shield Eye Restore Hydrator? Both eye creams deliver next-level results and elevated benefits, but work very differently. If you're looking for some serious brightening power with instant illumination and boosted radiance, then the 2% vitamin C paired with vegan lactic acid in the Hydra-Bright Eye Cream is a must, plus it hydrates and smooths the appearance of fine lines and dark circles too.

If you're looking for a more protective, anti-aging, depuffing eye cream with blue light defense, then the C-Shield Eye Restore Hydrator will be your go-to. Infused with vitamin C, multi-peptide complex, and soothing bakuchiol, it targets signs of aging caused by environmental stressors, protecting and preventing free radical damage. Love the sound of both? Try using one in the morning and one in the evening for the best of both worlds.

DID YOU KNOW?

One of skincare’s best kept secrets, marine algae extract is a powerhouse of skin-loving nutrients, rich in omega 3 fatty acids, amino acids, and vitamins A, B, C, and E. With its antioxidant properties, it helps neutralize free radical damage, guarding against signs of aging by lowering the amount of oxidative stress in the skin, and supports skin’s barrier function, all while soothing and calming skin. Long story short, it’s a skin superfood and you need it in your skincare ritual.

Bio-Renew EGF Cream

MOISTURIZER

RECOMMENDED FOR: ALL SKIN TYPES—ESPECIALLY THOSE WITH AGING CONCERNS

Formulated with vegan EGF, peptides, and a phyto-retinol complex, this advanced reparative moisturizer hydrates, smooths, and rejuvenates skin to help promote cellular renewal and support barrier strength for a radiant, restored complexion.

DID YOU KNOW?

Epidermal growth factor (EGF) is the ultimate reparative ingredient in skincare. The scientists who discovered it 30 years ago won a Nobel Prize for their work using EGF in medicine for burn patients, making it one of the most innovative ingredients in the skincare world right now. It’s a protein that occurs naturally in human skin and provides healing benefits. Glo only uses vegan—never animal derived, EGF in its formulations, which mimics the human protein to boost collagen and elastin production.

DID YOU KNOW?

You’ve probably heard of the skin’s moisture barrier or protective barrier as it’s also known, but what does it actually do? Well, no surprises, it does exactly what its name describes; it helps the skin retain moisture. Keeping the good stuff in—including electrolytes too, what it also does is keep the bad stuff out—like free radicals, heavy metals, and other damaging irritants, protecting the deeper layers of your skin from damage. You need it in optimal condition for skin to look plump, dewy, and healthy. If you’re suffering from rough, flaky, red, even itchy skin, these are signs your skin’s barrier needs some love. Causes for this could be internal like not drinking enough water, over consumption of caffeine and alcohol, while external factors like the sun and pollution also can cause visible damage. The best way to keep your moisture barrier happy is to drink lots of water and use the right skincare products. Moisture barrier-loving ingredients include squalane, hyaluronic acid, fruit oils, antioxidants, and lactic acid—which actually increases the moisture content of the skin. You’ll start to notice when your barrier is back up and running when the redness, dryness, and roughness is less visible and your skin feels smoother and supple.

DID YOU KNOW?

There are many hero ingredients in skincare today, but one that has maintained its top spot for decades has to be vitamin E. A true super-vitamin for the skin, it is a powerful antioxidant and prevents aging oxidative damage to cells caused by free radicals from pollution, the sun, blue light, and other stressors by neutralizing them. Alongside its protective properties it also has potent healing benefits, strengthening skin barrier function—needed to maintain moisture levels, locking in hydration and keeping skin conditioned and comfortable. As if all that wasn’t enough, it’s a natural anti-inflammatory too so it gets to work cooling, calming, and comforting stressed, inflamed, or dry skin. It works beautifully in partnership with its fellow antioxidant vitamin C, so pair this face cream with the C-Shield Anti-Pollution Drops for even more daily antioxidant protection.

C-Shield Eye Restore Hydrator

MOISTURIZER

RECOMMENDED FOR: ALL SKIN TYPES

Antioxidant-rich silky eye cream powered by skin-strengthening peptides, nourishing vitamins, and blue light defense, to protect and prevent signs of aging, while diminishing appearance of fine lines, dark circles, and puffiness.

USE: ☀️🌙

RETAIL: 15 mL / 0.5 fl. oz.

FREQUENCY: DAILY

AMOUNT: RICE SIZE

pH: 5.3-6.3

KEY BENEFITS

- PROTECTS: Next-level defense against free radical damage of delicate eye area from environmental stressors including blue light.
- BRIGHTENS: Antioxidants and multi-peptides visibly reduce the appearance of dark circles, for a boosted radiance.
- DEPUFFS: With a little gentle, natural exfoliation from bakuchiol, the appearance of fine lines and wrinkles is smoothed, while antioxidants calm and depuff.

KEY INGREDIENTS

- VITAMIN C: A potent, protective antioxidant, infused with blue light defense technology, to shield skin against environmental stressors which can cause premature aging.
- BAKUCHIOL: A botanical alternative to retinol you can wear in the day, it helps stimulate cell turnover and collagen production for visibly smoother skin, reducing the appearance of fine lines and wrinkles.
- MULTI-PEPTIDE COMPLEX: Brightens dark circles, helping to depuff and soothe the under eye area.

C-Shield Eye Restore Hydrator

DID YOU KNOW?

Bakuchiol is a natural botanical ingredient that’s been used in traditional Ayurvedic medicine for years. Often hailed as nature’s alternative to retinol, they’re actually very different ingredients but have super similar results. Delivering anti-aging benefits without the irritation associated with retinol, bakuchiol can help soften fine lines and wrinkles, even skin tone, and improve elasticity and firmness—all exactly what you want for the delicate eye area. And, unlike retinol which can make skin photo-sensitive, bakuchiol is photostable, meaning you can wear it during the day without worrying about sun interaction. Just remember to wear environmental protection too, of course.

FINISH: SEMI-MATTE

RETAIL SIZE: 30 mL / 1 fl. oz.

RECOMMENDED TOOLS: FINGERTIPS, 108 ANGLED COMPLEXION BRUSH, MAKEUP BLENDER SPONGE, 109 DUAL FOUNDATION/CAMOUFLAGE BRUSH, 107 CONTOUR/HIGHLIGHTER BRUSH

KEY BENEFITS

- **BLURS:** Instantly minimizes the appearance of pores and other imperfections, for a seamless skin-filter effect.
- **ELEVATED PRIMING:** Prepping the skin, it helps grip makeup in place for extended wear time, imparting a modern semi-matte finish.
- **SMOOTHS:** Fills and smooths fine lines and wrinkles, creating a flawless complexion canvas ready for your makeup application.

KEY INGREDIENT

- **CERAMIDES:** Prevent moisture loss and protect skin’s barrier, boosting the health of your skin under your makeup.

Blurring Primer

APPLICATION

Dispense a pea size amount onto clean fingertips or back of hand, then swatch onto skin.

Can be applied to full face or used to target areas with textural concerns.

Blend with fingertips or your favorite Glo Skin Beauty complexion tool.

INGREDIENTS

Dimethicone, Isododecane, Polyethylene, Silica, Silica Dimethyl Silylate, Aluminum Starch Octenylsuccinate, Dimethicone Crosspolymer, Mica, Distearidimonium Hectorite, Phenoxyethanol, Caprylic/Capric Triglyceride, Aqua/Water/Eau, Propylene Carbonate, Triethoxycaprylylsilane, Hydroxymethoxyphenyl Decanone, Ceramide NP

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

This will be your go-to Solution Primer for filling large pores, fine lines, scars, and any other textural concerns. Start with a grain-of-rice sized amount, and lightly build and “pack” the primer into the area you want to blur and smooth. Let it set, then top with the foundation of your choice.

Hydrating Primer

PRIME

RECOMMENDED FOR: DRY AND DEHYDRATED SKIN

A water-based primer that provides instant hydration and a cooling effect to support skin’s moisture balance while extending the wear of makeup.

COVERAGE: TRANSLUCENT

FINISH: NATURAL

RETAIL SIZE: 30 mL / 1 fl. oz.

RECOMMENDED TOOLS: FINGERTIPS, 108 ANGLED COMPLEXION BRUSH, MAKEUP BLENDER SPONGE, 109 DUAL FOUNDATION/ CAMOUFLAGE BRUSH

KEY BENEFITS

- HYDRATES: Cushioning and replenishing skin, it targets dryness to prevent makeup caking or slippage, ensuring a smoother application.
- ELEVATED PRIMING: Makeup applies seamlessly and stays in place for extended weartime while providing quenching hydration.
- CALMS: Creating a cooling sensation, it instantly soothes and conditions skin.
- PLUMPS: Helps to boost skin’s elasticity for a pillowy, plumped effect.

KEY INGREDIENTS

- HYALURONIC ACID: A hydration essential, it boosts skin’s moisture barrier, helping restore and refresh.
- MANGO + POMEGRANATE EXTRACTS: Provide calming antioxidant protection, helping to boost skin’s elasticity, and reduce the appearance of fine lines and wrinkles.
- GARDENIA: A powerful antioxidant, it helps strengthen skin, plumping and protecting.

Hydrating Primer

APPLICATION

Dispense a pea size amount onto clean fingertips or back of hand, then swatch onto skin.

Can be applied to full face or used to target areas in need of extra hydration and glow.

Blend with fingertips or your favorite Glo Skin Beauty complexion tool.

INGREDIENTS

Aqua/Water/Eau, Dimethicone, Dimethicone Crosspolymer, Ammonium Acryloyldimethyltaurate/VP Copolymer, Phenoxyethanol, Sodium Acrylates Crosspolymer-2, Mangifera Indica (Mango) Fruit Extract, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol, Caprylic/Capric Triglyceride, Disodium EDTA, Sodium Hyaluronate, Citrus Aurantium Dulcis (Orange) Peel Oil, Citrus Paradisi (Grapefruit) Peel Extract, Hydrolyzed Gardenia Florida Extract, Maltodextrin, Citrus Limon (Lemon) Peel Oil, Calendula Officinalis Flower Extract, Punica Granatum (Pomegranate) Seed Extract, Citrus Tangerina (Tangerine) Peel Oil, Citrus Clementina Peel Oil, Gardenia Florida Fruit Extract, Citrus Aurantium Dulcis (Orange) Peel Extract, Citrus Reticulata (Tangerine) Peel Extract, Citrus Limon (Lemon) Peel Extract, Gardenia Jasminoides Fruit Extract, Limonene

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

If you experience dry, flaky skin, you may notice your makeup clinging to dry patches or separating throughout the day. This is where Hydrating Primer will be a gamechanger. Designed for dry and dehydrated skin, this quenching primer is loaded with nourishing botanicals to add a conditioning moisture cushion for a smoother foundation application and a fresh long-lasting appearance all day long.

Illuminating Primer

PRIME

RECOMMENDED FOR: ALL SKIN TYPES—EXCEPT OILY

An illuminating treatment primer designed to provide an instant glow and a brighter, more radiant complexion while extending the wear of makeup.

COVERAGE: TRANSLUCENT

FINISH: RADIANT

PRO TIP

Wondering why you need a primer? If you want your makeup to last longer, look smoother, be more even and flawless, and get additional environmental protection, Oil-Free Tinted Primer does all that and more. Designed to be used under a foundation or even as sheer coverage itself, it has gripping and blurring capabilities to ensure seamless application every time, keeping your complexion looking fresh and balanced all day long. Infused with skincare heroes niacinamide, vitamin C, salicylic acid, and microsphere technology, it provides balancing and brightening benefits to your skin while delivering that priming power and mineral tint. This means your skin not only looks great, but it feels nourished and supported too.

Shadow Primer

PRIME

RECOMMENDED FOR: ALL SKIN TYPES

A talc-free, mineral eyeshadow primer, it preps the eye area for the even and smooth application of any eyeshadow effects, for longwearing, crease-proof color that lasts.

FINISH: RADIANT

RETAIL SIZE: 10 mL / 0.33 fl. oz.

RECOMMENDED TOOLS: 110 FULL COVERAGE CAMOUFLAGE

KEY BENEFITS

- SMOOTHING: Targets texture, smoothing and blurring any fine lines.
- PRIMES: Creates a more even canvas for easy eyeshadow application, preventing fallout, acting as an adhesive and binding your eye makeup in place.
- LONGWEARING: Crease and transfer-proof, it extends the wear-time of your eye look, for a lasting, color-intense finish without melting or smudging.

Shadow Primer

APPLICATION

On clean lid, apply a grain of rice size amount from lash line to brow bone. Allow a moment to set before applying your eyeshadow.

INGREDIENTS

Isododecane, Mica, Polybutene, Disteardimonium Hectorite, Synthetic Beeswax, Trimethylsiloxysilicate, Propylene Carbonate, Tribehenin, Stearalkonium Hectorite, Microcrystalline Wax, Trihydroxystearin, Phenoxyethanol, Silica, Ethylhexylglycerin, Methicone, **(±):** Titanium Dioxide (CI 77891), Iron Oxides (CI 77491, CI 77492, CI 77499)

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

The combination of the flexible, binding emollient waxes—vegan beeswax and isododecane, creates a smooth, even canvas to bond with your eyeshadow. Ethically-sourced mica provides light reflection, for a lifted brightness to the eye area.

Essential Eye Base

PRIME

RECOMMENDED FOR: ALL SKIN TYPES

This lightweight and blendable silky cream formula creates the perfect canvas for the eyes. Can be worn alone to even the lids (to lightly mask redness and other discolorations) or under eyeshadow as a primer to promote a long lasting, crease-free, smudge-proof eye statement.

COVERAGE: SHEER TO MEDIUM

FINISH: NATURAL

RETAIL SIZE: 2.6 mL / 0.09 fl. oz.

DID YOU KNOW?

Ultra-fine, triple-milled minerals are our go-tos for all our Glo Skin Beauty powder-based products. Meaning, literally, the minerals are sent through the mill three times—becoming smoother, finer, and softer. That’s why our powders are so silky with an almost cream-like quality. Milling the minerals this way also helps deliver longwearing, continuous coverage. Triple-milled is not to be confused with nano-particles though which are a real no-no for us, as they’re so tiny they can be inhaled or penetrate into the tiniest of follicles. All our formulations are nanotechnology and talc-free by design, so you can get all the benefits of clean, safe mineral makeup, for every skin.

Luminous Liquid Foundation

PERFECT

RECOMMENDED FOR: ALL SKIN TYPES EXCEPT VERY OILY

For longwearing, lightweight luminosity, this mineral foundation delivers all-day radiance. Powered by antioxidants for protection from aging environmental stressors, it imparts sheer to medium coverage, smoothing and correcting any imperfections.

COVERAGE: SHEER TO MEDIUM

FINISH: RADIANT

RETAIL SIZE: 30 mL / 1 fl. oz.

RECOMMENDED TOOLS: 101 PRO KABUKI & 105 FLAT-TOP KABUKI FOR MEDIUM COVERAGE, 104 DUAL FIBER FACE FOR SHEER COVERAGE, 203 DUAL FIBER CHEEK FOR SHEER TO MEDIUM COVERAGE

KEY BENEFITS

- **RADIANT FINISH:** Imparts an instant dewiness and all-over hydrated glow.
- **BLURS:** Visibly smooths the appearance of fine lines and pores, delivering an all-over soft-focus filter effect.
- **PROTECTS:** Shields skin against aging damage from environmental stressors.

KEY INGREDIENTS

- **DIAMOND POWDER:** Creates subtle illumination and visible softening effect when applied to the skin, reducing the appearance of shadows, fine lines, pigmentation, and discoloration.
- **ANTI-AGING PROTECTION:** Defends skin from aging free radical damage caused by environmental stressors, such as pollution.
- **MINERAL PIGMENTS:** Natural, radiance-boosting minerals provide a lightweight luminous finish.

Luminous Liquid Foundation

APPLICATION

Apply with desired brush to achieve sheer to medium coverage, with a dewy finish. Make sure to blend through jawline and onto neck. Shake well before use.

INGREDIENTS

Aqua (Water/Eau), Ethylhexyl Palmitate, Octinoxate, Neopentyl Glycol Dicaprylate/Dicaprate, Tridecyl Trimellitate, Silica, Caprylic/Capric Triglyceride, Cyclohexasiloxane, Cyclopentasiloxane, Butylene Glycol, Glycerin, Polyglyceryl-3 Diisostearate, HDI/Trimethylol Hexyllactone Crosspolymer, Octyldodecanol, Octyldecyl Xyloside, PEG-30 Dipolyhydroxystearate, Triethoxycaprylylsilane, Phenoxyethanol, Silica Dimethyl Silylate, Caprylyl Glycol, Hydroxyethylacrylate/Sodium Acryloydimethyl Taurate Copolymer, Isohexadecane, Polysorbate 60, Ethylhexylglycerin, Tocopheryl Acetate (Vitamin E), Tetrahexyldecyl Ascorbate, Hexylene Glycol, Polymethylsilsesquioxane, Diamond Powder, Dimethicone, Retinyl Palmitate (Vitamin A), Camellia Oleifera (Green Tea) Leaf Extract, **(+/-):** Titanium Dioxide (CI 77891), Iron Oxides (CI 77491, CI 77492, CI 77499)

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

By harnessing diamond powder technology, optical physics come into play. When light enters the face of a diamond, it moves more slowly and is reflected internally before it exits in different directions. This prismic effect creates a subtle illumination and visible softening effect when applied to the complexion, reducing the appearance of shadows, fine lines, and pigmentation.

Precision Eye Pencil

APPLICATION

Line along perimeter of eyes for definition and to enhance the lash line. Use the attached artist’s tip to blend and smudge if a softer line is preferred, or for smokey effects.

INGREDIENTS

C10-18 Triglycerides, Hydrogenated Vegetable Oil, Mica, Caprylic/Capric Triglyceride, Synthetic Japan Wax, Tocopherol, Ascorbyl Palmitate. **(±):** CI 77891 (Titanium Dioxide), CI 77491, CI 77492, CI 77499 (Iron Oxides), CI 77947 (Zinc Oxide), CI 77007 (Ultramarines), CI 77510 (Ferric Ferrocyanide)

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

Using Peach, shade waterline to reduce redness and boost brightness of tired-looking eyes. This shade can also be used as an on-the-go spot concealer, around the outer edges of the lip line as a reverse lip liner to cover redness and create a bold lip.

Make sure to have the Glo Pencil Sharpener on hand to maintain the perfect point for expert lining.

Liquid Ink

ENHANCE | EYE

RECOMMENDED FOR: ALL SKIN TYPES

From cat eyes to winged liner effects, create effortless high-definition eyes with this semi-gloss liquid eyeliner in ink black.

FINISH: RADIANT

RETAIL SIZE: 2.5 mL / 0.085 fl. oz.

RECOMMENDED TOOLS: 309 DUAL BROW/LINER

KEY BENEFITS

- **HIGH PERFORMANCE:** Richly pigmented ink black liquid liner creates high-precision definition.
- **CUSTOMIZABLE:** The fine, flexible felt tip makes application easy, so you can create light to bold lined looks.
- **LONGWEARING:** Formulated for long wearability, this semi-gloss eyeliner stays put without melting or transferring.

Liquid Ink

APPLICATION

Apply to upper lash line to create definition. Follow the natural lashline with a thin line or layer for a bold eye.

INGREDIENTS

Aqua (Water/Eau), Ammonium Acrylates Copolymer, Alcohol Denat., Butylene Glycol, VP/VA Copolymer, Poloxamer 407, Myristyl Lactate, Disodium Deceth-6 Sulfosuccinate, Ethylhexylglycerin, Laureth-30, 1,2-Hexanediol, Caprylyl Glycol, Hectorite, Citric Acid, Dimethicone, Silica, Steareth-4, BHT, Steareth-20, Tocopherol (Vitamin E), Phenoxyethanol, Sodium Dehydroacetate, Sorbic Acid, **(±)** Iron Oxides (CI 77491, CI 77492, CI 77499), Ferric Ferrocyanide (CI 77510)

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

The precise application gives perfect control, ideal for creating every variation of the cat eye. And, if you're new to liquid liners, you can create an easy guide for yourself by making dots or small dashes along your lash line, then connect them for a smooth defined look. The cat eye or winged effect should be an upward flick to enhance and open your eye space. You can use the outer edge or end of your eyebrow as a visual reference point for the angle. For the ultimate precision, use the edge of a strip of tape to serve as a guide.

Lash Primer

ENHANCE | EYE

RECOMMENDED FOR: ALL SKIN TYPES

For fuller, thicker eyelashes, this 3-in-1 lash conditioner and primer boosts lash volume while perfectly prepping them for optimal mascara application and extended wear time.

FINISH: SEMI-MATTE

BRIGHT GLOW

Glow Up Highlighter

APPLICATION

Designed for use on eyes, cheeks, brow bones, lips or anywhere you like for a hydrated glow. Apply directly to the high points of the face and gently press with fingertips or damp sponge to blend.

INGREDIENTS

Caprylic/Capric Triglyceride, Jojoba Esters, Silica, Calcium Sodium Borosilicate, Butyrospermum Parkii (Shea Butter), Candelilla Cera/ Euphorbia Cerifera (Candelilla) Wax/Cire de Candelilla, Synthetic Beeswax, Mica, Cera Microcristallina/Microcrystalline Wax/Cire Microcristalline, Tetrahexyldecyl Ascorbate, Tocopherol, Cera Carnauba/Copernicia Cerifera (Carnauba) Wax/Cire de Carnauba, Aqua/Water/Eau, Hyaluronic Acid, Tin Oxide, CI 77891 (Titanium Dioxide)

We are dedicated to maintaining accurate product ingredient listings. Because ingredients may be subject to change, for the most current and accurate listing of ingredients in each product, please refer to your product packaging.

PRO TIP

Versatile and tactile, this enriched silky balm means you can play with different applications to curate your perfect look. For a more high-shine effect, swatch directly onto the skin, then blend with fingers.

For a more subtle sheen, apply with your favorite brush or fingers and gently pat or dab onto skin. Add on top of cheek color, eye color, and lip color for a natural light-catching sheen.

It works best when swatched onto fingers first to warm it up and for more precise application, then patted gently on top of high points of the face.

AVAILABLE SHADES

Contour Kit

APPLICATION

CONTOUR: Darker shades create the illusion of slimming features to sculpt and define. Choose a contour shade and apply along cheekbones, hairline, sides of nose, and jawline.

HIGHLIGHT: Lighter shades illuminate and brighten. For a more semi-matte highlight, apply matte highlight to the middle of your forehead, brow bones, upper cheekbones, down center of nose, bow of lip, and center of chin. For a more radiant highlight, lightly dust shimmer highlight to these same areas and blend using Contour/Highlighter Brush.

PRO TIP

For a monochromatic look, apply your lipstick as a cream blush on apples of cheeks.

To extend the wear-time and precision of your lipstick, use a lip pencil to line and fill lip first, then apply lipstick.

Lip Gloss

ENHANCE | LIP

RECOMMENDED FOR: ALL SKIN TYPES

Longwearing, conditioning lip gloss in a balmy, high-shine, non-sticky finish, loaded with hydrators and antioxidants, to protect while adding that color pop.

PRO TIP

Create the illusion of fuller lips by applying a small dab to the center of your lips, then blend out.

Layer a gloss over your favorite lipstick, crayon, or liner for added shine and major staying power.

Mix glosses together to customize your perfect color.

Build your toolkit for flawless application. Choosing luxurious, skin-first mineral makeup is the first step, then it’s all about using the right tools to apply, blend, and build out a look. Our selection of vegan, artist-approved brushes is perfect for applying or layering makeup with ease and precision with high performance synthetic fibers (PBT).

WHY VEGAN TOOLS?

Synthetic, vegan tools are easier to clean and disinfect while offering a more consistent product application, less product waste, and ultimately are less irritating making them preferable for sensitive skins.

Tools

Apply like a pro. Clean, high performance Glo Skin Beauty makeup is the first step, then it’s all about utilizing the correct makeup tools to place + blend. Our wide selection of brushes and applicators deliver a professional makeup application every time.

Our cruelty-free brushes are made of high-grade, soft vegan fiber called PBT which stands for Polybutylene Terephthalate.
