

## FIND YOUR SHADE MATCH

### LUMINOUS LIQUID FOUNDATION

#### *What's your undertone?*

Different from complexion, undertone is the subtle color underneath your skin that never changes.

#### COOL

- Pink, red or blue hues in skin
- Skin may burn easily in the sun
- Wrist veins appear blue or purple

#### NEUTRAL

- Mix of peach, warm or cool hues in skin
- Skin may tan more easily than it burns in the sun
- Wrist veins appear blue, purple or green

#### WARM

- Yellow, golden or olive hues in skin
- Skin may tan easily in the sun
- Wrist veins appear green

#### *Undertone*
