LIP SERVICE

Though it may seem counterintuitive, lips often get dehydrated during the summer months as they tend to be more exposed to outdoor elements such as harmful UV rays. The key to a pretty pucker is a good lip balm, which provides lasting moisturizing benefits. If you're a frequent sun worshipper, look for one that incorporates SPF as well.

Smooth and restore lips with **Dermalogica AGE Smart Renewal Lip Complex**, which minimizes contour lines and prevents signs of aging. @dermalogica

Loaded with antioxidant-rich marula oil, vitamin E and a mix of avocado and jojoba oils, **Marula Pure Beauty Oil Nourishing Lip Oil Treatment** repairs cracked pouts and combats environmental stressors. @marulabeauty

Moisturize and defend against UV exposure with **Eminence Organic Skin Care Rosehip & Lemongrass Lip Balm SPF 15**, which treats dryness via soothing rosehip oil and restores softness with lavender. @eminenceorganics

Infused with argan oil, **MoroccanOil Lip Balm SPF 20** nourishes dry lips and provides protection from UVA/UVB rays. @moroccanoil

Formulated to give the appearance of fuller, smoother lips, **glo Skin Beauty Lip Revival** is rich in ingredients designed to increase hydration while causing a visible volumizing effect. @gloskinbeauty

Smooth and soften with **Oribi Balnessence Lip Treatment**, a long-lasting, silkening balm with camelina oil that protects and moisturizes. @oribi

Available in both pot and tube forms, **Epicuren Anti-Aging Lip Balm SPF 15** is a UV-filtering, anti-aging moisturizer that soothes and rejuvenates dry lips. @epicuren
