LIVAD Vitamin A&D Cream was developed with Janet D. Prysbynski, M.D. She specializes in skin cancer detection and treatment in addition to cosmetic dermatology and she's worked with Vitamins A and D in her research. It can be used as a moisturizer that is comfortable to wear under makeup because it's so light weight. The company even recommends that you wear it with just a light dusting of bronzing powder and blush for a completely natural look.
