

GENTLE ENZYME EXFOLIANT

“The Gentle Enzyme Exfoliant supports the natural exfoliation process of skin. The exfoliant removes dull surface cells with a blend of enzymes and fruit acids for a smooth and renewed complexion without irritation.

This product is ideal for sensitive skin, not well suited for manual exfoliation. Users can apply the exfoliant to cleansed skin and leave on for five to 10 minutes. Results will leave skin feeling soft.

The Gentle Enzyme Exfoliant is free of dyes, fragrance, parabens, gluten, nuts and soy.
