G.M. Collin's Active Exfoliant Powder is an innovative triple-action exfoliant that combines a gentle granular with chemical and enzymatic action. When gently massaged, the subtle granules eliminate impurities and slough off dead skin cells while the enzymatic action improves the texture of the skin. This unique exfoliant cleanses and purifies the skin, improves its texture, and brightens the complexion, leaving the skin visibly soft, smooth, fresh, and luminous! 800-341-1531 or gmcollin.com
