REDNESS REDUCER

When skin's acting up, apply green-tinted **NIA 24 Rapid Redness Recovery** lotion to take down redness and alleviate discomfort—it's light enough to layer under makeup.

EYE CREAM

Allergy sufferers and contact lens wearers rejoice: **La Roche-Posay Toleriane Ultra Eye Cream** hydrates and soothes with the help of the brand's signature thermal spring water.

MOISTURIZER

Formulated without fragrances or any other possible irritants, **Trilogy Very Gentle Moisturizing Cream** is super velvety yet lightweight, and the perfect pick for those with reactive skin that craves moisture.

EXFOLIATOR

For those who favor physical exfoliants but worry they'll upset their skin, **Peet Rivo Exfoliator** is a pleasant surprise. Jojoba beads suspended in a creamy base of soothing oatmeal bring dull skin back to life.

CLEANSER

It may be ultra gentle, but **Amalia Refreshing Gel Cleanser** still manages to remove a full face of makeup without ever leaving skin tight, dry, itchy or red.

FACE MIST

A first-of-its-kind mist-meets-toner we can't stop raving about, **Knours Double Duty Mist** morphs into a different formula when shaken to cater to whatever sensitive skin needs at the moment.

MASKS

HIT THE RESET BUTTON ON LACKLUSTER SKIN WITH THESE QUICK-FIX MUST-HAVES.

FIRMING MASK

Skin-plumping peptides team up with elasticity-restoring plant stem cells and collagen in **Glo Skin Beauty Phyto-Active Firming Mask** to visibly firm skin over time for a more youthful contour.

HYDRATING MASK

Flight attendants and jetsetters aren't the only ones singing the praises of **Summer Fridays Jet Lag Mask**. We love that it's travel-friendly, floods skin with moisture and makes makeup go on so much smoother.

SHEET MASK

Whether it's part of a self-care Sunday ritual or red-carpet prep, **TATCHA Luminous Dewy Skin Mask** infuses skin with hydrating botanical oils for a serious glow, and any extra serum can be massaged onto the neck.

PORE-MINIMIZING MASK

Apply **dr. brandt Skincare pores no more Vacuum Cleaner** to congested areas—it works wonders on the nose and chin—and leave it on for 10 minutes to purge dirt and grime from pores.

UNDER-EYE MASKS

The brand's best-selling under-eye patches get infused with vitamin C in **Patchology's new FlashPatch Illuminating Eye Gels**, which aid in brightening the look of dark circles.

BRIGHTENING MASK

When time is of the essence, **DefendAge 2-Minute Reveal Mask** works at lightning speed to get rid of dead cells on the skin's surface that are to blame for a lackluster look.
